# Winter Weather Impacts

## Friday Night through Saturday

- **Temperatures will drop to around freezing Friday night. Rain will change to snow in the higher elevations first and then in the valleys.**
- **Roadways will become slushy during periods of heavy snowfall, especially in the higher elevations.**
- **The heaviest snow is expected to occur in the predawn hours Saturday morning causing reduced visibilities for Saturday morning travelers.**
- **Freezing temperatures expected Friday night and Saturday night to end the growing season.**

# Winter Weather Potential Highlights

What	Where	Timing	Impacts
<b>Snow</b> 1-3 inches Locally 3-6 inches	East Kentucky Locations above 1500ft	Beginning 8 PM – 2 AM  Heaviest 2 AM – 8 AM	Wet, Slushy Roads Periods of Low Visibility
<b>Freezing Temperatures</b> 27 to 32 Degrees	East Kentucky	Friday Night and Saturday Night	Kill Live Plants and Crops End of the Growing Season

# Help Us by Sending Us Your Snowfall Reports

Search "US National Weather Service Jackson KY" and send us your snowfall measurements & pictures on Facebook.

Or, Tweet your reports to @NWSJacksonKY. Be sure to include your location!

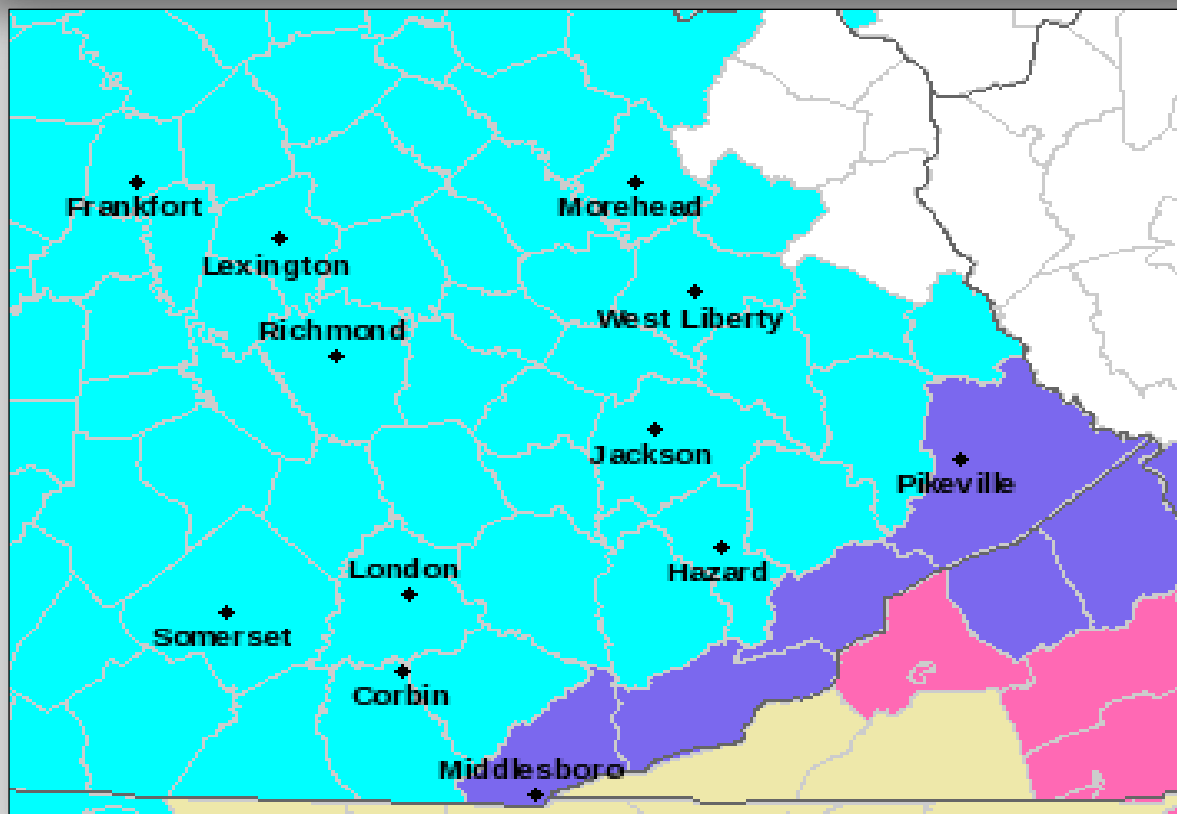

Tips on how to measure snow properly:
